1. Training is offered free of charge at our premises in Gillingham, Kent, on Mondays and Fridays.
2. Training sessions are allocated on a first come first served basis, if you have got a particular date in mind please let us know and we will do our best to accommodate this. All dates are provisional until confirmed by Aquatherm U.K. Ltd.
3. A maximum of 6 people can attend each training session.
4. All persons attending training courses at the Aquatherm office are required to wear appropriate safety footwear.
5. All persons attending training courses at the Aquatherm office will receive an initial safety induction briefing.
6. This training course includes basic product knowledge along with socket fusion training using the hand tool & saddle welding. The following tooling only if required bench machine, jig tool and electro-fusion.
7. The course will last the whole day and will end with a theoretical and a practical assessment.
8. There will be a 30-minute lunch break.
9. Following successful practical and theoretical assessments, each person will be photographed and 'Trained Person' cards will be posted to the named company contact.
10. Training courses can be arranged at alternative locations however such courses may be subject to a charge.
11. Onsite training requires a quiet room for the duration of the session.
12. We require a minimum of 48 hours' notice for cancellation.
13. Trainees must arrive at 8.30 am for a 9 am start. Late arrivals will be turned away.
14. Should a person fail the theoretical or practical assessments they will be booked in for a new training session at the next available date.

Please return your completed training form to [training@aquatherm-uk.com](mailto:training@aquatherm-uk.com) or by fax to 01444 250 456 and we will be in contact.
